SECURITY GUARD TRAINING

K. SHALIZI
M. WALIA

- MAIN RESPONSIBILITIES OF SECURITY GUARDS
- 1. Protection
 - 2. Monitoring
 - 3. Reporting
 - 4. Assistance
 - 5. Control
 - 6. Supervision
 - 7. Investigation
 - 8. Communication

Overview of the knowledge in the Security Training Course is to ensure that all security guards are able to perform their duties effectively and efficiently.

Job Title	Responsibilities	Skills
Security Guard	Monitor and control access to the premises, enforce security measures, and maintain the safety of the premises and property.	Communication, observation, and physical fitness.
Public Officer	Assist the security guard in monitoring the premises, enforce security measures, and maintain the safety of the premises and property.	Communication, observation, and physical fitness.
Frontguard	Monitor the premises, enforce security measures, and maintain the safety of the premises and property.	Communication, observation, and physical fitness.
Emergency Medical Officer (EMO)	Provide emergency medical aid and first aid to the injured, and maintain the safety of the premises and property.	First aid, CPR, and emergency medical aid.
Emergency Management Officer	Plan and coordinate emergency response, manage the incident, and provide training.	Emergency planning, incident management, and training.

The course is designed to provide security guards with the necessary knowledge and skills to perform their duties effectively and efficiently. The course is divided into several modules, each covering a specific aspect of security guard training. The modules are designed to be completed in a sequential manner, with each module building upon the knowledge and skills gained in the previous module. The course is designed to be completed within a 12-month period, with the final exam taking place at the end of the course.

COMMUNICATION // Crisis Intervention & De-Escalation

The Crisis Intervention & De-Escalation Training and Certification program is crucial for **frontline workers**, as it equips them with the necessary skills to handle conflicts and verbal altercations that can arise in any working environment.

// USE OF FORCE TRAINING AND CERTIFICATION

OVERVIEW

In personal and professional life, communication is essential, particularly in learning about de-escalation and conflict resolution in the workplace. Frontline workers from various sectors, including security guards, health care workers, customer service representatives, call centres, and office and retail store employees, can benefit significantly from this training and certification program.

In today's interconnected business world, conflicts and altercations can occur in any industry or organization. Failing to manage such situations effectively can lead to the escalation of volatile situations and even physical altercations. Therefore, Non-Violent Crisis Training and verbal De-Escalation are indispensable in promoting a safe and harmonious work environment.

The benefits of the Crisis Intervention & De-Escalation Training and Certification program extend beyond individual businesses and organizations. **Given its effectiveness and relevance, every company and organization in every industry can benefit from implementing this training.** By equipping their frontline workers with the necessary skills to de-escalate crises and handle verbal altercations, companies can enhance employee safety, customer satisfaction, and overall productivity.

Furthermore, the **Crisis Intervention & De-Escalation Training and Certification** focus on advanced verbal de-escalation and crisis resolution has gained recognition and is widely utilized by the private sector. **Major corporations and private security agencies across various countries, including Canada, the USA, the UK, Europe, Asia, Australia, and the Middle East, have successfully implemented this program.** This widespread adoption attests to the program's effectiveness and its ability to address the unique challenges faced by frontline workers globally.

The importance of Non-Violent Crisis Training & Verbal De-Escalation cannot be overstated. Frontline workers from diverse sectors can significantly benefit from this program, as it equips them with the necessary skills to handle conflicts and verbal altercations effectively. Moreover, this training is relevant and essential in today's interconnected business world, and its benefits extend beyond individual organizations.

The Advanced Verbal De-Escalation and Crisis Intervention program has gained recognition and is widely implemented by major corporations and private security agencies worldwide, making it a valuable asset for businesses locally and across the globe.

// Utilized by major Hospitals, Institutions, Corporations //

COMMUNICATION // Crisis Intervention & De-Escalation

The Crisis Intervention & De-Escalation Training and Certification program is crucial for frontline workers, as it equips them with the necessary skills to handle conflicts and verbal altercations that can arise in any working environment.

// WHY YOU SHOULD TAKE THIS COURSE

- Increased employment opportunities
- Qualify for higher pay wages and salary
- Due diligence and court requirements
- Increased personal qualifications
- Self-protection and education
- Increased specialized security training

Companies and Employers

This training and certification program can bring about substantial advantages for companies and brands. When employees are equipped with de-escalation training, they can foster a more productive working environment. Furthermore, it enhances a company's social corporate responsibility by ensuring that its employees are adept at handling communication and everyday interactions not only within the company but also with suppliers and customers.

WHO SHOULD TAKE THIS COURSE

This training is essential for all frontline workers such as security guards, health care workers, customer service representatives and retail store employees.
